RE: Richardson Flat Enforcement

Dear Mr. ^{Bill}Geise:

We understand that Sandra Moreno has been preparing a letter outlining certification required from the State of Utah Department of Health before we can assume an enforcement lead at the Richardson Flat site (or any other site). To date, we still have not received this letter although we understood it was being prepared in March of this year.

We would appreciate receiving this letter so that we can proceed with activities at Richardson Flat. In addition, this letter will be helpful to us as we work at other enforcement lead sites.

Thank you for your assistance in this matter.

Sincerely,

Kent P. Gray, CERCLA Branch Manager
Bureau of Solid & Hazardous Waste
